LAEEBA BATOOL

Web Developer & Front-End Engineer

Email: [laeeba.batool@example.com]
Phone: [+92 300 1234567]
Location: Faisalabad, Pakistan
Portfolio: [github.com/laeeba-batool]

Passionate and detail-oriented Web Developer with expertise in building modern, responsive, and user-centric web interfaces. Skilled in HTML5, CSS3, JavaScript (ES6+), and modern CSS frameworks like Tailwind CSS. Proven ability to translate complex layout designs into clean, performant, and cross-browser compatible code.

FEATURED WEB PROJECTS

Interactive Portfolio Website
2026

HTML5, CSS3, JavaScript

- Designed and developed a fully responsive dark-themed personal portfolio showcasing web projects and analytics skills.
- Implemented smooth scrolling, dynamic filter categories, and interactive modal dialogs for project details.

E-Commerce Product Landing Page
2025

Tailwind CSS, JavaScript

- Built a high-converting, mobile-first product page with optimized asset loading and fast render times.
- Integrated dynamic cart functionality using browser local storage.

PRACTICAL EXPERIENCE

Web Development Trainee
2025 - Present

D4WEE Program - GCWUF

- Collaborated on building multi-page web applications conforming to modern accessibility (WCAG) standards.
- Created clean frontend web layouts using Flexbox, CSS Grid, and version control via Git/GitHub.
